

# Water | Water Usage: Drinking and Washing

‘The hammam played a key role in the social and religious life of Muslims.’

Since the Qur’an stresses the importance of personal hygiene, public baths (hammams) have traditionally played a key role in the social and religious life of Muslims. Although these structures owe some debt to Roman and Late Antique baths, the emphasis from Umayyad times onwards was more on the hot rooms than on the frigidarium favoured by the Romans. The hammam ordinarily contains a changing room, which is an unheated room, a warm intermediate room, and a steam room.

**Name:**  
Hammam Nur al-Din

**Dynasty:**  
Hegira 549–67 / AD 1154–72 Atabeg

**Details:**  
Damascus, Syria

**Justification:**  
The Hammam Nur al-Din in Damascus, founded in the mid-to-late 6th / 12th century, is well preserved and still in use.

**Name:**  
Hammam Nur al-Din

**Dynasty:**  
Hegira 549–67 / AD 1154–72 Atabeg

**Details:**
